PROFESSIONAL SUMMARY

Driven Information Technology senior specializing in full-stack development and educational technology solutions. Proven track record of engineering and deploying scalable web applications as a sole developer. Expert in architecting secure databases with PHP and MySQL and enhancing user engagement through intuitive UI/UX design. Committed to system reliability and high performance through rigorous QA and UAT protocols.

TECHNICAL SKILLS

- **Web Development:** PHP, JavaScript, HTML5, CSS3, Python.
- **Databases & Analytics:** MySQL, Microsoft Excel.
- **Frameworks & Tools:** Bootstrap, Git/GitHub, VS Code.
- **QA & Testing:** System Testing, Bug Tracking, Test Case Development, User Acceptance Testing (UAT).

RELEVANT DEVELOPMENT EXPERIENCE

Full-Stack Web Developer (Sole Developer) | *StudyBuddy* | May 2025 - Dec 2025

- **Digital Transformation:** Engineered and deployed a comprehensive peer-to-peer study platform, enabling students to schedule tutoring sessions, share resources, and collaborate in real-time.
- **System Architecture:** Developed a secure user authentication system and database using PHP and MySQL to manage student profiles, session bookings, and encrypted communication.
- **Real-Time Features:** Integrated dynamic scheduling and notification modules to streamline the connection between tutors and students, reducing manual coordination time.
- **Quality Assurance:** Executed end-to-end system testing and User Acceptance Testing (UAT) with a pilot group of students to ensure a seamless UI/UX and 100% platform stability.

EDUCATION

Bachelor of Science in Information Technology | *Batangas State University*

- **Major:** Business Analytics
- **Expected Graduation:** 2026
